## Fragrance Concentration Guide

20-30% concentration	15-20% concentration	5-15% concentration	2-5% concentration	1-2% concentration
<b>Perfume (Parfum)</b>	<b>Eau de Parfum (EDP)</b>	<b>Eau de Toilette (EDT)</b>	<b>Eau de Cologne (EDC)</b>	<b>Eau de Fraiche (EDF)</b>
It is considered to be the most expensive due to its high concentration. It will surely highlight the beauty of any kind of perfume.	EDP is lighter than Perfume, but still has the magic to give a long lasting scent. It is very popular concentration among women's and men's fragrances.	This is the most popular concentration among fragrances for men. This is a great choice if you're going for something light and less complex scent.	Usually marketed to men, but is also a perfect pick for both men and women who want something light and fresh.	EDF has the lightest scent among all fragrances.
Lasts for: 12+ hours	Lasts for: 8-12 hours	Lasts for: 6-10 hours	Lasts for: 4-6 hours	Lasts for: 2-4 hours
<b>Recommended for:</b> People who want to enjoy a richer and more complex perfume that can last up all day.	<b>Recommended for:</b> A perfect choice for almost all occasions and also perfect for dates.	<b>Recommended for:</b> This is perfect if you want to try a new fragrance, but you don't want to invest in it right away.	<b>Recommended for:</b> People who want something subtle but still powerful to make a statement but still affordable.	<b>Recommended for:</b> People who want an everyday scent without being over the top, but will still make you shine among the crowd.
